

Introducing *DynaMed Plus*TM

The next-generation clinical
information resource

*DynaMed Plus*TM is the evidence-based reference tool clinicians use to get answers to clinical questions quickly and easily. Content is written by a world-class team of physicians who synthesize the evidence and provide objective analysis.

DynaMed Plus is Affordable

DynaMed Plus charges for content and nothing more. Onsite access, remote access, EHR access and mobile access come standard with every subscription.

Key Features of *DynaMed Plus*:

Overviews and Recommendations provide clinicians with concise, accurate overviews for the most common conditions as well as evidence-based recommendations for action.

Graphics and Images include more than 4,000 medical graphics and images, with more than 1,000 images from ACP.

Precise Search Results mean clinicians get relevant search results every time. *DynaMed Plus* has been redesigned from the ground up, focused on time-to-answer for the busy clinician.

Expert Reviewers are an integral component of the *DynaMed Plus* editorial process. Subject-specific experts review topics using the *DynaMed Plus* proprietary evidence-based methodology and quality assurance processes.

Specialty Content includes thousands of topics covering emergency medicine, cardiology, oncology, infectious diseases, pediatrics, obstetrics and gynecology and much more.

Mobile Access is fast and easy, providing users an intuitive and elegant mobile experience.

Micromedex® Clinical Knowledge Suite* Drug Content is included in *DynaMed Plus*. Content includes medication management and lab recommendations, including IV screening, medication advisory screening, and summary drug information.
